

Dried Products

As one of Europe's most modern processing facilities we are specialised in refining dried food products. The Kündig Food Safety Tower® guarantees a maximum of security when it comes to foreign matter management and BIOSTERIL® ensures product safety on a microbiological level thanks to gentle germ reduction. All our products are available in both conventional and organic quality.

VEGETABLES Dried vegetables are made durable by the removal of water and a gentle drying process. We offer a wide selection of dried vegetables which are grown by selected farmers all over the world and meet the highest quality requirements.
